

In response to your letter dated August 8 regarding the March Monthly Report please note that the Committee is filing an amended version today to address the Schedule C issues; both the due date and the line 10 versus Schedule C difference.

You have aksed about a debt owed to FLS Connect LLC for \$17,212.35 that did not appear on Schedule D this month. It was paid in February and reported on Schedule B however it was inadvertently dropped from the Schedule D. That has been corrected.

You have aksed about debts owed to Conquest Communications for \$73,462.98 and FLS Connect LLC for \$343,475.89 which had been reported in the M2 report but did not appear on Schedule D. These debts correspond with the list of debts that you provided from thsoe two companies that you stated had appeared on Schedule D with a beginning balance but which had not been reported. The vendor did not provide enough information for the Committee to break down the invoices by job as is normal. When the information was received the invoices were broken out and reported individually rather than in lump sums. Please let me know if you need us to re-group these invoices in order to more easily match the debt totals.

Contributions from H. Gary Heavin and John W. Kroenlein were received by the Committee in 2006. Mr Heavin gave 2/28/06 and Mr Kroenlein gave 11/29.06.

Following our conversation earlier today we have changed the Generic Political Consultant Fees purpose. Thank you for your direction and assistance.

Please contact me with any further questions. Thank you.
